Change

2024

Jo Bair, MSW
Executive Director

Dear Friends,

At enCourage, we believe that together, we can encourage change--not only in the lives of survivors but in the community norms that allow violence to persist. Change can look like:

- A survivor of sexual assault talking to an advocate and telling their whole story for the first time.
- A person who has used violence choosing to utilize a new skill learned in enCourage's Domestic Violence Intervention Program rather than harm their partner.
- A child at support group learning that they're not alone because other people have gone through similar things.
- A survivor of domestic violence and their children sleeping peacefully in enCourage's emergency shelter after too many nights of fear.
- A bystander intervening in and deescalating a potentially violent situation using the skills they learned in a Green Dot workshop.

These moments of change are possible because of you. Your support allows us to meet the immediate needs of survivors while also working to fulfill our mission of a community without violence.

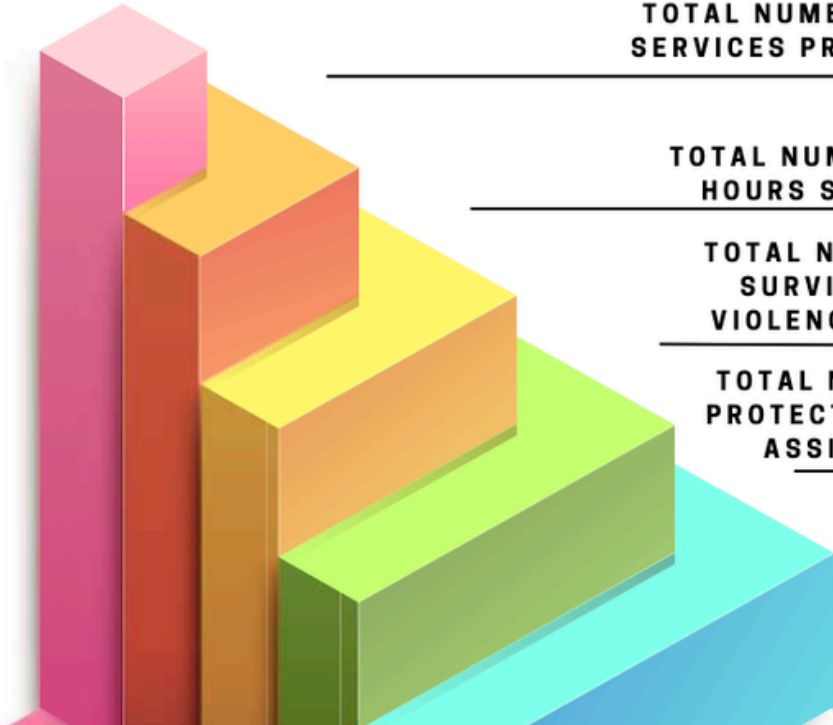

We are deeply grateful for your continued support and dedication to our mission. Together, we can create lasting change for survivors, for our community, and for future generations.

With heartfelt gratitude,

Jo Bair, MSW
Executive Director
